

Best Buy Teen Tech Center Membership Application

Description of the Program:

The Best Buy Teen Tech Center @ Wallace Community College Selma is designed to be a safe and fun after school learning environment for young people ages 12-18 to participate in project-based and production-based learning opportunities. The center enables young people to work with adult mentors to explore their own interests, develop skills, and build confidence in themselves through the use of STEAM (Science, Technology, Engineering, Arts, and Math). Young people can design their own music, art, videos, animation, robots, and science simulations. Under the supervision of the Best Buy Teen Tech Center Coordinator, they have access to the Internet and can occasionally post their own original work on the Internet through a shared platform.

What Information We Collect:

The Best Buy Teen Tech Center/Clubhouse will collect the information on this form as registration information for the program. When young people participate in the program, they sign in so that the Best Buy Teen Tech Center/Clubhouse knows how many young people attended and how often. Also, participants in the Best Buy Teen Tech Center/Clubhouse will have the ability to create projects that may be posted to a Clubhouse Intranet website, called "The Clubhouse Village." These projects may contain personal information including, but not limited to, first name, e-mail address, and photograph. "The Clubhouse Village" is password-protected, meaning only Clubhouse participants and staff have passwords and can look at the site. Also, under the supervision of the Best Buy Teen Tech Center Coordinator, participants in the program may be invited to post content to the Internet. The Best Buy Teen Tech Center/Clubhouse staff educates young people about the dangers of posting personal information (such as last name, e-mail address, or photograph) on the Internet. The Best Buy Teen Tech Center/Clubhouse discourages members from posting personal information on the Internet but does not control all such content. It is necessary for each member's parents to instruct them on the dangers of posting personal information on the Internet. To read the Village Privacy Policy please visit: <http://clubhousevillage.org>

How We Use the Information:

The Best Buy Teen Tech Center/Clubhouse uses the information collected to create a list of participants in the Program and how often they participate, and to allow participants to share the projects they create. The Best Buy Teen Tech Center/Clubhouse will not transfer or sell this information to any third party. The Best Buy Teen Tech Center/Clubhouse will provide reasonable security for this information and will allow you the opportunity to review this information by contacting the Clubhouse staff.
