Non-Discrimination Policy - The Alabama State Board of Education through the Alabama Department of Postsecondary Education proclaims nondiscriminatory practices in Alabama two year institutions under the jurisdiction of the Alabama State Board of Education. It is the official policy of the Alabama Department of Postsecondary Education and Wallace Community College Selma, that no persons shall, on the basis of race, color, disability, sex, religion, creed, national origin or age, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program, activity or employment.

ADMISSIONS CRITERIA In keeping with the philosophy that the capabilities of each individual should be developed, Wallace Community College Selma operates under an "open door" admissions policy. This policy grants admission to entering freshmen, transfer students, transient students, audit students, accelerated high school students, dual enrolled students and international students as well as any student seeking readmission. However, certain programs have specific entry requirements. These program requirements are listed in the Academic and Technical Programs of Study. Act No. 91-584 passed by the Alabama State Legislature requires that all males between the ages of 18 and 26 register with the Selective Service prior to enrolling in any state institution of higher education. Note: Any and all elements of the College's admission requirements are subject to change without prior notice.

ADMISSION OF FIRST TIME COLLEGE STUDENTS Applicants who have not previously attended any regionally accredited postsecondary institution will be considered first-time college students or "native" students. As early as possible prior to the semester in which they plan to enroll, applicants must complete the Application for Admission which may be obtained upon request from the Office of Student Services, Wallace Community College Selma, P.O. Box 2530, Selma, AL 36702-2530 or Wallace Community College Selma.

ADMISSION TO COURSES CREDITABLE TOWARD AN ASSOCIATE DEGREE To be eligible for admission to courses creditable toward an associate degree, a first-time college student is subject to one of the following criteria:
1. Applicants who hold a diploma issued by a regionally and/ or state accredited high school, and schools accredited by the Alabama Independent School Association are eligible for admission (applicants who hold a certificate or any other award issued in lieu of a diploma are ineligible for admission.)
2. Applicants who have attended a non-accredited high school may be admitted upon presentation of a diploma (evidenced by an official transcript) indicating successful completion of course of study on the secondary level and a minimum ACT composite score of 16, or the equivalent score on the SAT, or have passed the Alabama Public High School Graduation Exam.
3. Applicants who hold the Alabama Occupational Diploma, the high school diploma of another state equivalent to the Alabama Occupational Diploma, or an equivalent diploma issued by a non-public high school. Applicants must also have a minimum ACT score of 16 or the equivalent score on the SAT.

The College admits students without a high school diploma or a GED Certificate into certain programs and courses not creditable toward an associate degree when the student demonstrates an ability-to-benefit prior to enrollment. Students admitted under these provisions will be classified as "Non-Degree-Eligible" students. Under the ability-to-benefit provisions, applicants to courses not creditable toward an associate degree and programs comprised exclusively of courses not creditable to an associate degree must be at least 16 years of age and have not been enrolled in secondary education for at least one calendar year or upon the recommendation of the local superintendent. **ABILITY-TOBENEFIT COURSES:** Cosmetology, Masonry, Nursing Assistant and Welding.

ALABAMA ARTICULATION PROGRAM (STARS) The Alabama Articulation Program (also called STARS-State-wide Articulation Reporting System) is a computerized articulation and transfer planning system designed to inform students who attend Alabama's public community colleges about degree requirements, course equivalents, and other transfer information pertaining to specific majors at each state funded four year institution. **STARS** is an efficient and effective way of providing students, counselors, and educators with accurate information upon which transfer decisions can be made. STARS is the information link between the state's public two-year and four year institutions. The STARS database, if used properly, can prevent the loss of course work and can ease the transition

All online courses require two on-campus assessments. The date and time of each assessment will be announced within each course.
