* It is highly recommended that students who are taking E-Learning courses have a computer and internet access in their homes. The lack of internet access and/or the presence of technical difficulties does not constitute an excuse for submission of late class assignments.

All online courses require at least two on-campus assessments (midterm and final exam). Please note Biology courses require additional meeting dates for on campus labs. The date and time of each assessment as well as lab dates will be announced within each course.
